Dod System Of Systems Engineering The Department of Defense (DoD) continually seeks to acquire, sustain, and manage material and non-material solutions to address capability needs of the war fighter in military operations and to provide efficient support and readiness in peacetime. A growing number of military capabilities are achieved through a system of systems (SoS) approach. Systems Engineering Guide for Systems of Systems, V 1 This article provides introduction and overview of Department of Defense - Systems Engineering Guide for System of Systems as published the United States DoD Undersecretary of Defense AT&L. The goal of this
