R44 - Wikipedia Robinson R44

helicopters are death traps, right up there with Mitsubishi MU-2s and Cirrus SR22s – at least that’s

according to a lot of articles you

read online. A dramatic headline in

The Los Angeles Times late last

year was the most recent example, warning residents of southern

California that “Danger spins from the sky.” It’s a compelling story,

and the newspaper even went so far as to calculate the numbers

Robinson Helicopter Company |
Aero-News Network Its first model,
the two-seater R22, proved popular
with private owners and flight
schools for its simple design, ease
of maintenance and low price. The
company has since introduced the
four-seater R44 and five-seater
R66. Robinson has delivered more
than 12,000 helicopters worldwide
and now employs about 1300
people. Why Robinson helicopters
seem to have a bad habit of
crashing The R44 was an instant hit
with helicopter operators and
seemed to be a practical alternative
to the Bell Jet Ranger series of
helicopters (though not as capable
in all respects as the Bell).
