The history of madness would be the history of the Other — of that which, for a given culture, is at once interior and foreign, therefore to be excluded (so as to exorcize the interior danger) but by being shut away (in order to reduce its otherness); whereas the history of the order imposed on things would be the history of the Same — of that which, for a given culture, is both dispersed and related, therefore to be distinguished by kinds and to be collected together into identities ... *Order of Things*,

Preface - Michel Foucault, Info. Michel Foucault, from "The Order of Discourse". R. Young, ed. Untying the Text (1971), pp. 52-64. In a refreshing change in structure from that of many other theorists, Foucault actually begins this excerpt with a thesis that he proceeds to explain and explore in the remainder of the piece: "in every society the production of discourse is at once controlled, selected, organised and redistributed by a certain number of procedures whose role is to ward off its powers and dangers, to ... Michel Foucault - from "The Order of Discourse" In The Order of Things and elsewhere, Foucault suggested that, to the contrary, a creature somehow fully determined and fully free was little short of a paradox, a contradiction in terms.
