More and more Americans are coming to feel that something has gone fundamentally wrong in our society. We have suffered repetitive wars, big and small, some won and some lost, but with the peace always lost. This book intends to expose and stop the destruction, and help to guarantee a future of freedom rather than slavery for our children. How the World Really Works by Alan B. Jones Noam Chomsky's How the World Works (HWW) has an awfully high-falutin' title, but it seems to be quite accurate in describing the content. HWW is actually a collection of four abridged books, some of which are interviews with Chomsky, others of which are books that had been written by Chomsky. How The World Really Works - The Real Secret Science focuses exclusively on the natural world, and does not deal with supernatural explanations. Science is a way of learning about what is in the natural world, how the natural world works, and how the natural world got to be the way it is. It is not simply a collection of facts; rather it is a path to understanding. Understanding Science: An overview The world works through emergence: little things becoming bigger things that do different things than the little things.
