Lambretta Lambretta dates back to  
1947, when the first scooter rolled  
off the production line. Lambretta  
was a pioneer in the field and  
brought the scooter to the mass  
market. The bikes were extremely  
popular and became an integral  
part of Italian culture. Even to this  
day, the Lambretta is woven into  
the fabric of Italian  
lifestyle. Lambretta for sale | Classic

Gearing Calculator. The scope of  
Lambretta gearing is very broad.  
There are 3 things that can be  
changed to result in higher or lower  
than standard gearing. The primary  
drive consists of a smaller sprocket  
which attaches to the end of the  
crank and a larger sprocket which  
also acts as a basket for the clutch.  
A duplex chain links the two. Tuning

... Lambretta Hi. I have a li 150 special serveta. It has a 175 top end that is bored to 200cc (66mm piston) 22mm jetex and rayspeed exhaust. It seems to be running great but I can only reach 50mph (if clock is correct) should it produce more than that ? Lambretta The GP/DL range was  
offered with three different engine  
sizes: 125, 150, and 200. The three  
versions were visually very similar  
in appearance, and were much  
more sporty looking in comparison  
to the Series 3 range which they  
replaced. Lambretta GP/DL -
