Economics ... It is a bit difficult to follow at times, obviously the more you know about classical economics (the economics Marx used as a springboard for his own analysis) and philosophy the better. The book fills in some detail on the philosophical background that Marx and Engels grew up in, but leaves out some of the important economic details. Sowell Preface This slim volume  
distills more than a quarter of a  
century of research and thought on  
the economic and philosophic  
doctrines of Karl Marx. Over this  
long span of time, it has been  
possible to separate the essential  
from the non-essential in the  
theories of Marx and Engels, and  
thus to say in a small book what  
would otherwise take several

You can search Google Books for any book or topic. In this case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.
