Psychology Psychology flourished in America during the mid- to late-1800s. William James emerged as one of the major American psychologists during this period and publishing his classic textbook, "The Principles of Psychology," established him as the father of American psychology. The Origins of Psychology: History Through the Years The founding fathers of psychology, history of positive psychology and the rise of this field are all discussed in this extensive article. ... It must be added here that of these pioneers, the big 3 of Vienna as they were called, Carl Jung was perhaps the earliest psychologist to recognize, and be troubled by, psychology's negative focus). The 5 Founding Fathers and History of Positive Psychology Psychologist and philosopher William James is often referred to as the father of American psychology. His teachings and writings helped establish psychology as a science. Among his many accomplishments was the publication of the 1,200-page text, "The Principles of Psychology," which quickly became a classic in the field. 10 Most Influential Psychologists in History Many experts consider Solomon Asch one of the pioneers of social psychology. In this article, we talk about his life and contributions. He was born in Warsaw, Poland in 1907. When he was 13, his family moved to New York. There, Solomon Asch completed his studies and obtained his doctoral degree in 1932. Solomon Asch: One of the Pioneers of Social Psychology Wilhelm Maximilian Wundt (/ v ŭ n t /; German: ; 16 August 1832 – 31 August 1920) was a physiologist, philosopher, and professor, known today as one of the founders of modern psychology. Wundt, who distinguished psychology as a science from philosophy and biology,

was the first person ever to call himself a psychologist. He is widely regarded as the "father of experimental psychology". Wilhelm Wundt - Wikipedia In 1890, William James' *The Principles of Psychology* finally appeared, and rapidly became the most influential textbook in the history of American psychology. It laid many of the foundations for the sorts of questions that American psychologists would focus on for years to come. History of psychology - Wikipedia
