Robert J Barro Macroeconomics 5th Robert J. Barro, Robert E. Lucas, Jr.'s disciple is one of the many academics why scientists do not consider Economics a science but charlatanism. This book is very beautiful -mathematically-, trying to state partial, and then, general equilibrium. This book is product of severe abstraction from real world, trying to model human and society's ... Macroeconomics - 5th Edition: 9780262024365: Economics ... We would like to show you a description here but the site won't allow us. Semantic Scholar Robert Barro's Macroeconomics has become the classic textbook presentation of the equilibrium approach to

macroeconomics. In its first four editions, this book has shown undergraduates how market-clearing models with strong microeconomic foundations can be used to understand real-world phenomena and to evaluate alternative macroeconomic policies. Moreover, a single, unified framework works as well for short-term business fluctuation as for long-term economic growth.
