continued importance of “The Economy of Certainty” to the study of Islamic legal theory is a tribute to the precision employed at its inception; the work’s persistent relevance to the research into uṣūl al-fiqh makes its publication here more than welcome: it is, to use the language of uṣūl, imperative. The Economy of Certainty: An Introduction to the Typology ... The Economy of Certainty is divided into five chapters, covering the majority of the questions of Islamic legal theory. Chapter one discusses the authentication of Prophetic traditions, following the Hanafi classification of the hadith into single traditions, widely known traditions, and concurrent
